

## Trifecta – No spin knife throwing game

Competitor begins at 7m mark with three knives and begins by throwing a knife at three variable distanced targets. Total score from three rounds (9 knives total) equals the competitor's final score.

- Targets are at 5m, 3m and 0m. This means the first target is 2m away from competitor, second is 4m and third is 7m.
- First and second targets at 5m and 3m are only 6' wide by 20" tall. Bullseye is at 60" high from the floor. Third target is full sized center target at 0m mark and 50" high from the floor.
- Competitor must stay behind the 7m mark.
- Repeat throw three times for a maximum score of 45 points.
